

## Business-Education Participation Pledge

Highly collaborative partnerships with business and education are key!

Together we can enhance the quality of education, build inspired connections between learning and working, and help to prepare a qualified workforce in northeast Pennsylvania.

As a member of the business community, I understand the value of becoming involved with public education. My return on the investment is:

- ❖ *Hiring or retaining well-trained employees*
- ❖ *Attracting and retaining businesses*
- ❖ *Expanding career and technical education*
- ❖ *A workforce trained for in-demand jobs*
- ❖ *A bridge between business and education*
- ❖ *Job shadowing, internships, and other opportunities to benefit students and businesses*

I pledge to make learning real by connecting the classroom and workplace with innovative learning experiences for students and teachers within my community!
